Whether building a new home or completely gutting an older home, there are many decisions to be made and for most, it can be overwhelming.

Let us guide you through the process and help you make selections from the beginning. We will create a plan for you and all those involved to follow and even help implement.

Once building decisions are made, we will space plan for new and/or existing furniture as well as create a design board for the rooms you need help with including furniture selection, window coverings and accent and accessory pieces.

****Shopping, staging and accessorizing is billed at \$75/hour and varies per project and client's budget.**

What's Included?

- **Initial Consult** - We will meet on the construction site or our studio to understand your vision and obtain floor plans/measurements and pictures.
- **Finish Selections** - We will give you options for flooring, countertops, plumbing, lighting, paint colors, cabinet layout and other selections. Three additional consultations are included to review the options.
- **Documentation** - A finish schedule will be provided in a digital format in order for you to share with your builder/contractors.
- **Space planning** for all rooms
- **Two design boards** for up to 3 rooms
