Ready to revamp that dated living room? Have a kitchen or bath that needs to be gutted and brought back to present day design? Looking to overhaul a single space in your home? This package is great for both DIY clients as well as those who prefer to be more hands-off.

Remodeling, particularly kitchens and bath, can be more work than clients expect. Hiring the right designer can make things go much smoother with your contractor, handyman and other construction professionals.

Let us guide you through the process and help you make selections from the beginning. We will create a plan for you and all those involved to follow and even help implement.

### *What's Included?*

- **Initial Consult** - We will meet in your space to understand your vision and take measurements and pictures.
- **Design Boards** - After the assessment, you will receive a space plan and two design boards to review.
- **Shopping\*\*** - We will shop to find the furniture and accessories based on the budget you provide to us.
- **Staging & Accessorizing\*\*** - See your vision come to life! We will stage your space and you decide what you want to keep.

\*\*Shopping, staging and accessorizing is billed at \$75/hour and varies per project and client's budget.
